Place of Birth: Colombo, Sri Lanka

### Notes:

Tharshala's father has not been seen since the tsunami and is presumed dead. Her mother left her to seek work in the Middle East and has not returned since. Prior to coming to Grace Home, Tharshala was living with an uncle in Trincomalee who could no longer care for her. In 2007, VeAhavta arranged for Tharshala to have open-heart surgery, which successfully corrected a congenital heart defect. She is doing well in school (currently Grade 6) where math and Tamil are her favorite subjects. Tharshala enjoys singing, playing games and drawing, and aspires to become a doctor or teacher. She speaks a little English, but is anxious to learn more so please write to her!
